[illegible]

Note:—ALL ORDERS ARE SENT INSURED. This is for your protection as well as our own. If there is damage when the plants arrive, apply to your carrier at once. Do not write us until you have done this.

All plants will be carefully packed, and care will be taken to have them reach you in good condition; however, if not satisfactory, place claim with postoffice within 3 days or we cannot be responsible.

All plants, seeds and bulbs sold under the standard nursery non-warranty guarantee; we cannot be responsible for the productivity of the crop. Our liability in all cases to be the purchase price of the stock.

We ship the entire year. Orders are acknowledged and booked during hot and cold weather.

Visitors welcome.

We are located $\frac{1}{2}$ mile southwest of McGrawsville, and not at Bunker Hill—that is our mailing address only.

INSTRUCTIONS FOR SHIPPING

All orders for \$10.00 and over sent shipping paid. Under this amount, use schedule for Parcel Post and find approximate amount to be sent for shipping costs. Enclose shipping cost with order. Add up the pounds of shipping as given in schedule on next page, then get your zone and find amount to send by your schedule.

ZONES 1 and 2—Indiana.

ZONE 3—Kentucky, Illinois, Ohio, Michigan.

ZONE 4—Wisconsin, Minnesota, Iowa, Missouri, Arkansas, Tennessee, Virginia, W. Virginia, North Carolina, South Carolina, Alabama, Georgia, Mississippi, New Jersey, Pennsylvania, Maryland, District of Columbia, New York, Delaware.

We have a special service for our patrons: Shipment by Express in a window box. These are specimen plants and fine for gifts. These are prepaid within 1,000 miles. The following is a schedule of prices: Add \$2.50 to regular catalogue price. Where desired, we will ship Express Collect on shipping charges. In this case, send \$1.00 more per plant than prices quoted in catalogue.

In parcel post shipments on all packages under a \$10.00 order, if shipping is omitted, we will ship parcels post collect.

If Special Delivery is desired, add 25c, to 2 lb.; 35c, 2 to 10 lbs; 40c, 10 lbs up. If Special Handling 15c to 2 lbs.; 20c, 2 to 10 lbs.; 25c, 10 lbs. up.

AFRICAN VIOLETS

*Indicates New Varieties

Plants are Sodium Selenate treated. Nearly all plants are from 3 inch pots and ready for a shift. Nearly all will be in bloom. Many of the new ones have to be seen to be appreciated. They are outstanding both in flower and foliage. We have dropped many of the older varieties because of this. In handling Duponts and Supremes, give them larger pots. They are heavier feeders. They will well repay you for the extra care. If using water that has chemicals added or water from a water softener, your plants will not do well. When using water treated with chemicals, boil it for 15 minutes, and let set over night. It

is best not to use softened water. When feeding, we like Hyponex. This is a cool fertilizer. When used according to directions it will not burn the roots. We use the richest soil we can get and one that drains well. If there is danger of soil becoming hard and pasty, it can be lightened with sedge peat or sand. When plants are not back to ship when order is received, we will back order until plants are ready unless you state otherwise. We cannot always have all varieties ready when demand is extra heavy.

AMETHYST: (West Coast) Flowers are a dainty lavender, noted for its abundance of blossoms thrown up in large clusters. Foliage a beautiful moss green, soft and plush like with notched edges. One of the best. \$1.00.

***AMETHYST BEAUTY:** Fine bi-color of red orchid, flowers abundantly, foliage olive green. \$1.00.

BLUE BIRD: Very dark rich blue, a beautiful plant. \$1.00.

***BLUE GIRL HYBRID:** (Dark) Fine foliage and not patented. \$1.00.

BLUE BOY SUPREME: Flowers deep violet blue, leaf heavy and scalloped in mature plants. \$1.25.

BLUE GIRL COMPACTA: Foliage different, very short heavy stems, leaves grow in a mound like a pin cushion, with a blue flower. \$1.00.

BLUE GIRL SUPREME: Flowers a rich violet blue and very large, often measuring more than 2" in diameter and slightly cupped. Thick hairy notched leaves with spots at base. \$1.25.

***BLUE WARRIOR:** \$1.00.

BLUE No. 32: Flowers show tints of red with the purple, foliage looks like it is waxed, very good and different. \$1.00.

BLUE KNIGHT: Very fine rich deep blue, with rough hairy red back leaves. \$1.25.

BABY BLUE: Fine lively blue, the color next to the center being darker causing the yellow center to have an orange cast in certain light exposures. \$1.00.

BEGONIA BLUE: Good deep blue flower with red backed, moss green foliage. \$1.00.

***BLUE EYED BEAUTY:** Sparkling white with deep blue center. \$1.50. Ready in October.

BI-COLOR (red): Two top petals plum, lower lavender, free bloomer. \$1.00.

***BLUE KING:** Huge deep blue flower, very good foliage. \$1.50.

BLUSH BEAUTY: Flowers show a faint blush. \$1.00.

BLUSH SUPREME: Flowers show pink tint, large in size with supreme foliage. 1.25.

***BRONZE GIRL:** Fine orchid flowers and dark rich girl foliage. \$1.50.

COMMODORE: A fine purple blossom, dark rippled foliage. \$1.00.

CURLEY SPECIAL: Blue, deeply cut and notched leaves, compact growth. \$1.25.

CRINKLES: Clear blue flower, leaves evenly notched, back of leaf red tinted. \$1.00.

CHATTANOOGA: Good purple with dark hairy red back foliage. \$1.00.

DARK PRINCESS: Beautiful round blossom of rich red orchid bi-color. Deep green, decorative shaped foliage. \$1.50.

- DUPONT BLUE: Flower deep blue, very large. Foliage almost round, heavy quilted dark green many with red under leaf. \$1.25.
- DUPONT LAVENDER PINK: Lavender bi-color flowers, large, heavy scalloped leaf. \$1.25.
- DUPONT HYBRIDS: We are listing these in three colors of blue, dark, medium and light. \$1.50 each.
- DUPONT SILVER PINK: Lavender with a silver sheen. \$1.50.
- DOUBLE BLUE BOY: The first double and still one of the best, same as the other blue doubles being sold under different names. Flowers remain on the plant for a long time causing it to have an unusual number of flowers at one time. \$1.00.
- DOUBLE ORCHID LAVENDER: Free blooming, double. \$1.00.
- DOUBLE MARGARET: Dark blue, rippled foliage. \$1.00.
- *DOUBLE NEPTUNE: NEW. Largest double flower to date. Petals are deep blue, white on reverse side, making a two-tone effect. Foliage bright glossy green with red under leaf, deeply quilted smooth edges and grows compact. Fine sturdy plant. \$1.50.
- DAINTY MAID: Flowers a good pink, a compact light foliage plant. \$1.00.
- *DAINTY LADY: Flowers are deep purple, almost round, blooms in profusion, grows compact. \$1.00.
- *DARK RED HEAD: Finest outstanding Red Head we have seen. Worth a place in every collection. \$1.50.
- DIXIE ROSE: A fine new red foliage forms a rosette, which surrounds a center filled with blossoms. An abundant bloomer. \$1.50.
- ELITE: Deep blue rounded blossom; foliage resembles Neptune somewhat, but it is different and better plant than the latter. \$1.00.
- FREIDA: Deep red blossom, clean shiny foliage. \$1.00.
- FOR-GET-ME-NOT: Choice blue foliage, very good, grows in a round rosette. \$1.25.
- *GORGEOUS BI-COLOR: Very large flowers of light lavender with distinct dark orchid eye shading into the two upper petals. Bright green foliage. \$1.50.
- HOLBROOK BLUE: Good deep blue; two upper petals crumple or ruffle together. \$1.00.
- *INDIAN CHIEF: A deep real blue, purple with decorative foliage that grows in a fine rosette under the abundant blossoms which stand up over the leaves. \$1.25.
- ISON: Fine deep bright blue flowers. Foliage outstanding, large cupped dark green, a choice plant. \$1.25.
- JUDY: Fine warm orchid lavender with handsome foliage. \$1.00.
- KEWENSIS: A species, resembles the wild violet when in full bloom. \$1.00.
- LADY GENEVA: Flower is violet blue with a pure white twinkling edge. Strikingly different. Has all the fine qualities of Blue Boy with a more velvety blue color and a striking white edge. Foliage similar to Blue Boy. \$1.50.
- *LAVENDER GIRL: A fine bi-color, outstanding foliage. \$1.50.
- *LAVENDER BI-COLOR: Deep lavender and

- lightest color make the unusual combination of color here. \$1.50.
- *LAVENDER PINK PRINCESS: A real beauty, clear lavender color, good foliage. \$1.50.
- MENTOR BOY: One of the best purples. \$1.00.
- *MENTOR BOY SUPREME: (Black Beauty) deep purple blossoms, light green foliage, \$1.50.
- *MAUVE: Its name describes its color, foliage very good. \$1.25.
- MARINE: Fine medium blue with very heavy deep green hairy leaves. \$1.00.
- MIDNIGHT: Fine deep blue grows large and has very good foliage. \$1.00.
- *MARY'S ORCHID: An outstanding variety. Flowers of lavender orchid nested in foliage that looks very much like Gloxinia foliage when seen on a specimen plant; will measure 2½x5". \$2.25.
- NEPTUNE: Deep purple blue, foliage spoons frequently. \$1.00.
- *NEPTUNE ORCHID: Orchid bi-color with Neptune foliage. \$1.25.
- *NEPTUNE PRINCESS: Soft blue, flowers stand up in center of the fine upstanding foliage. \$1.00.
- *NEPTUNE SUPREME: A handsome slow growing Neptune. Due to the type of growth in this plant it is rather difficult to ship without breaking leaves, unless sent by Express. If it arrives by Parcel Post with a few broken leaves it will soon recover as it is a strong plant. Huge deep purple blossoms and rich green spooned leaves. \$1.50.
- NORSEMAN: Clear medium blue, hairy light green to medium green foliage. \$1.00.
- NORSEMAN SUREME: Deep blue round blossoms, foliage a deep bright green, heavy and hairy. \$1.25.
- ORCHID BEAUTY: Flowers open a deep color and change to a beautiful lavender. \$1.00.
- ORCHID BEAUTY SUPREME: Flowers deep orchid, large and rounded, foliage heavy, grows compact. \$1.25.
- PANSY PURPLE: One of the finest clear purples with clean cool green foliage. \$1.00.
- PERIWINKLE: Light blue with a light eye, foliage deep green. \$1.00.
- PINK BEAUTY: One of the oldest pink violets but one of the best, flowers bright true pink. \$1.00.
- PINK SUPREME: Large deep pink blooms with heavy bright green foliage. \$1.25.
- PINK GIRL: Nice pink, with the girl foliage. \$1.00.
- PURPLE PRINCE: Flowers rich deep purple, leaf light green and pointed. \$1.00.
- *PURPLE GIRL: Deep purple, with the new Girl foliage. \$1.00.
- *RED GIRL: A fine new red Girl far better than the old, the new foliage. \$1.50.
- RED LAND: Red orchid, medium heart shaped foliage. A specimen plant of this is a beautiful thing. \$1.00.
- RED BEAUTY: Flowers deep maroon, light medium green foliage. \$1.25.
- LANCASTER RED: Flower red, leaves spooned. \$1.00.
- *RED KING: Large flowers are of bright claret red. Compact and free blooming. \$1.50.

- ***ROSALIE**: Flower a dark maroon, free bloomer, large dark green waved leaves, grows into a large handsome plant. \$1.25.
- RUFFLES**: Medium blue lavender, leaf narrow, ovate shiny dark olive green, red beneath. \$1.00.
- SAILOR GIRL**: Fine bright shade of blue, deeply scalloped with a large white spot at base of leaf. A good one. \$1.25.
- ***SUNRISE**: A beautiful plant, rich rose red. large blossoms in abundance, one of the best. \$1.50.
- WHITE SUPREME**: Snow white flower and supreme foliage. \$1.25.
- WHITE PRIZE**: An improved white lady, better flower and foliage. \$1.00.
- W. K. DUPONT**: Fine blue, heavy round leaf. \$1.00.
- ***WHITE BEAUTY**: A snow white with a light blue eye. \$1.25.
- VERA MARGARET**: Fine lavender with a dark eye shading up into the top petals, foliage dark, notched and inside leaves ripple. \$1.00.
- ***VIOLET BEAUTY**: Flowers large and violet color with a dark eye, has light green foliage. \$1.50.
- VIKING**: Deep purple, round flowers in abundance. This is a fine plant. \$1.00.

BEGONIA

- ALTO SCHARFFI**: This is a cross between Scharffiana and Alto da Serra, a lovely plant, leaves dark green and red beneath. Flower white. 75c.
- CORALLINA LUCERNA**: The red angel wing, leaves dark green with silver spots, flowers deep pink or red in large clusters. 75c.
- DWARF HAAGEANA**: Grows upright, medium size hairy leaves are green above and red underneath, flowers are white with pink hairs, an everbloomer. 75c.
- DWARF ANGELWING**: dark foliage silver speckled with pink flowers in clusters. 75c.
- DWARF ANGELWING**: Light green foliage with silver spots, flowers pink in clusters. 75c.
- FEASTII (Pond Lily)**: Leaves deep green above and deep red beneath, rhizomous flowers, pink in drooping panicles. 50c.
- BUNCHII Lettuce Begonia**: A Sport of Feastii. Lighter green leaves, red tinged ruffled and crested at the margins. Flowers pink. \$1.50.
- FUCHSIOIDES**: Smooth erect arching branches. Flowers are very small and fuchsia like, bright crimson; leaves small and dark green. 75c.
- CALLA BEGONIA**: White splashed leaves and red flowers. \$1.00.
- DOUBLE ROSE BEGONIAS**: In red, pink and white. These are the double sempeflorens and are always in full bloom. 75c.
- CHRISTMAS BEGONIA**: Marjorie Gibbs and a new one, the No. 9, a new hybrid that is very good. Marjorie Gibbs. \$1.00. The No. 9 \$1.50.
- LADY WATERLOW**: A fine plant with light green foliage, stems red and pink blossoms, everblooming. 50c.
- SPECULATA**: Low growing, has leaves resembling grape leaves. Leaves dull green with lighter green area. Flowers white. 50c.

- PEARLII: This begonia resembles *Spectulata*, leaves light green, pebbled, overlaid with a pearly glow. \$1.00.
- ORANGE RUBRA: Erect growth, flowers are in clusters like *Lucerna* and a beautiful orange color, blooms profusely. \$1.25.
- THURSTONIA: Well branched leaves pointed, cordate, shining bronze green above, red beneath; flowers pinkish white. 50c.
- IVY EVER: New begonia with a drooping habit. Numerous stems rise from the base. Leaf dark green with a maroon purple zone between the veins. Flowers pink and one half inch in diameter. \$1.00.
- WELTONIENSIS: Medium branched; small notched, light green leaves, flowers pink, a fine growing plant for the house. 50c.
- REX: OUR INDIAN: An interesting small leaved Rex, blackish center and edge Indian red main zone. 75c.

FOLIAGE PLANTS

- CEROPEGIA WOODII: The dainty heart vine, has little blossoms that look like small lamps. 75c.
- HOYA CARNOSA VARIEGATA: The wax vine, fine heavy leaves with white margins, flowers look as if they were cut from fine velvet. \$1.00.
- HOYA CARNOSA EXOTICA: Like the one above except the center of the leaf is cream white. \$1.00.
- FARFUGUM GRANDE: The leopard plant. Round green leaves finely splashed with cream color variegation. Bloom looks like a huge dandelion blossom in the fall. Makes a fine foliage plant. \$1.00.
- PANIMEGIA: South American Friendship plant. Small wrinkled leaves and pale green blossom. 75c.
- CRYPANTHUS ZENATUS: Foliage a brown with light bands across foliage, very highly variegated. 75c.
- SYNGONIUM HOFFMANNI: Leaves like cool green velvet with silver in the leaves. This plant will vine, making a good hanging plant. \$1.00.
- PHILODENDRON SODIROI: A very choice small growing plant with green silver splashed leaves, under side of leaves red. \$1.00.
- FICUS PANDURATA: The fiddle leaf rubber plant; leaf has shape of a fiddle. This is a very fine decorative plant. Slow growing. \$3.50.
- DRACAENA GODSEFFIANA: Foliage plant with decorative spotted foliage. \$1.00.
- DRACAENA SANDERIANA: Foliage plant with white edged leaf. \$1.00.
- DRACAENA WARNECKE: Like above plant only a beautiful striped leaf. \$1.50.
- DIEFFENBACHIA ROEHRSEI: Beautiful deep green leaf with light variegation over leaf. \$1.75.
- DIEFFENBACHIA PICTA: Deep green leaf with cream spots over the leaf. \$1.50.
- RIVINA: This plant hangs full of red berries, resembling cluster of currants. Makes a fine decorative houseplant. \$1.00.

10
FERNS

- ADIANTUM CUNEATUM GLORIOSUM:** Fine Maiden Hair Fern. \$1.00.
ALSOPHILA AUSTRALIS: Beautiful fern of great decorative value. \$2.00.
CIBOTIUM SCHEDEI: Easy and a handsome fern. \$2.00.
CRYTANIUM FALCATUM: The Holly fern. 50c.
TALL BOSTON: The fine long fronds make this one of the best loved ferns. \$1.00.
DWARF BOSTON: Low compact growing. 75c.
SCOTTI: One of the smaller growing Ferns. 75c.
ROOSEVELT: Large graceful fronds, beautiful. \$1.00.
NIDUS AVIS: Birds nest fern. \$1.00.
WHITMANI: We cannot endorse this one too highly, it is lacy, crested, fronds like ruffles. \$1.50. These are large from 4" pots.
VERONA: This is a delicate lacy fern of real beauty. \$1.00. Will be ready for shipping by Oct. 1 or before.
ASPLTNIUM BULBIFERUM. Bears tiny plantlets on the fronds of the fern. \$1.50.

OXALIS

These are the winter blooming plants. They are the most freely blooming plants of any plant we know of. They make a beautiful pot plant. Place them in a sunny window, either in an ordinary pot or hang them where they will have full sun. Do not allow to dry out.

- CRASSIPES:** Flowers bright rose. Evergreen and everblooming. These are tuber plants and will be sent from a 3" pot ready to shift to a 4". Will be in bloom when received. \$1.00.
CRASSIPES ALBA: The white form, otherwise the same as above. Rare. \$1.25.
YELLOW OXALIS: We do not have the name of this one, but it is also a winter blooming tuber plant and will be shipped as described above; a very beautiful and different plant. \$1.00.
EPISCIA VIRIDIFOLIA: Light green foliage with scarlet flowers. \$1.00.
ISOLOMA HIRISUTUM: Dark green foliage overlaid with red hairs, flowers red like small Gloxinia. \$1.00.

FUCHSIA

- BLACK PRINCE:** Deep rose pink, single. 50c.
LITTLE BEAUTY: Dark corolla, rose sepals, single. 50c.
FUCHSIA HYBRIDS: In mixed colors; these are double with corolla in blue, white, blush. 75c each.

GERANIUMS

50c unless priced otherwise, From 3" pots

- HAPPY THOUGHT:** Leaf has yellow center, single red.
ALPHA: Golden dentate leaf, brown ring, dwarf.
JEANNE: Carnation flowered, pink. Edge of petals toothed.
KLEINER LEIBLING: Tiny green leaves with pink blossoms.
PINK POINSETTA: Compact plant with twisted and rolled petals.
ALLIANCE: Blush pink with rose red spots in upper petals.
PINK ALLIANCE: Pink, shows less color in the spots than the above.
MARYANNE: Light green leaves with wide white

edge; red flowers.

JUBILEE: Pale leaf, bright chestnut zone, blooms all the time.

DISTINCTION: Small yellow green leaves, toothed and ruffled on the edge with a narrow dark zone near the edge. Also known as **ONE-IN-A-RING**.

APPLE BLOSSOM ROSEBUD: Very double. White with rose red edge. Green center and green striped in the blossom, beautiful and unusual.

SKIES OF ITALY: Very colorful green leaves edged yellow, brown zone with splashes of red and varied colors. Single scarlet flowers. A fine colorful plant. Keep pinched to encourage compact growth.

SPRINGFIELD: The violet, orange and white. 50c each.

DESERT PLANTS

CHRISTMAS CACTUS: Large healthy plants from 3" plants. 50c.

PERESKA: Lemon vine, the cactus with leaves. Water well. 30c.

CRASSULA RED HYBRID: Unusual hanging basket plant, deep green and dark red leaves and stems with long hair through the limbs giving the plant an unusual appearance. 50c.

ECHEVERIAS ELEGANS: Powder white spoon shaped leaves, like plenty of sun. Orange red blossoms. 35c.

PAINTED LADY: White leaves are tipped with red. Orange red blossoms are very showy and last for a long time. 35c.

ECHEVERIA PULVINATA: Dark green velvet tips, scarlet red blooms and plant are very handsome and unusual. 35c.

BISHOPS CAP: Spineless plant has its name from the shape of the plant. 50c.

CRASSULA RUPESTRIS: Heart shaped beads look as if they were strung on a string, very good. 35c.

TYDAEAS: Gesneria, has pale green soft plushy leaves and red speckled bells, blossoms are beautiful. Plants from 3" pots. \$1.00.

SUPPLIES

SOIL: Mixed and sterilized. We can mix this soil for the plants you need it for. 1 lb. fills a standard 4" pot. 5 lbs. 60c; 10 lbs. \$1.10; 25 lbs. \$2.50.

SOIL CONDITIONER: We have this product where you have your own soil. (Please note): for your own soil mix for African Violets, use this product half and half by measure, not by weight. If your soil is very rich cut down on this product accordingly. 5 lbs 60c; 10 lbs. \$1.10; 25 lbs. \$2.50.

N. N. O. R. INSECTICIDE: This spray is fine for all house plants as well as all garden plants, safe for ferns which cannot use so many sprays without serious injury. Use as instructed below:

Directions for Making Thorough Kill of Insects on Plants with Spray Solution

It is not necessary to employ this method unless there is a very bad infection of mite or mealy bug.

Prepare a pail of cool water, add N.N.O.R.—2 teaspoonfuls to each gallon of water, stir until

spray is thoroughly dissolved in water. Have enough water to completely cover the plant. Leave the plant in the water until the soil quits bubbling, 5 or 10 minutes does not injure the plant. Remove plant and dry in shade; do not allow the sun to strike the leaves. Treat badly infested plants 3 times one week apart. Then spray once every two weeks. Spray will sometimes spot the flowers, so it is best to avoid spraying the blossoms.

This spray has a very fine oil base so be sure to shake or stir thoroughly before using. Do not let set for a time and use without shaking or it will leave the oil on the foliage in too direct amounts.

6 oz. \$1.00; 16 oz. \$2.15

SMITH BRONX SPRAYER: It is necessary in using N.N.O.R. spray to have a clean sprayer and one that will throw a hard penetrating spray to drive the spray into the plants, so all insects will be thoroughly wet, the main purpose is this as most insects breathe through their skin, and can withstand insecticide if not thoroughly wet. For this purpose we have listed the Smith Bronx Sprayer, unexcelled for spraying plants in the greenhouse, home, and even out of doors. Sprayer is made entirely of brass, nickel plated. Nozzle throws powerful, broad mist spray with slow, easy pump stroke up and down.

Order No. 8 Q Bronx (quart size) \$2.25.

In case of breakage we can replace bottle at 30c each

VERMICULITE: For rooting plants and cuttings. 4 quart bag 40c, shipping weight 1 lb.; ½ bu. bag 80c, wt. 5 lbs.

STIM ROOT: With fungicide makes this a top product for dipping cuttings and roots. To avoid getting too much, mix 1 cup sand and 1 teaspoonful STIM ROOT well and dip ends of cuttings as they are planted. This product has been scientifically mixed, using both rooting hormones and combining these with an efficient fungicide. \$1.00.

SODIUM SELENATE: This is a deadly poison. Keep plainly labeled and out of reach of children and irresponsible persons.

Empty contents of 1 packet in 1 gallon of water. Any not used at time of application may be stored in a closed container for future use if desired. After plants are clean from insect infestation they may be kept free of insects by spraying with N. N. O. R. solution every 2 weeks.

DIRECTIONS: Place contents of package in 1 gallon water. To apply, lift foliage, apply to soil, being careful not to touch foliage or plant with solution. If all trouble has not cleared up within one month, dosage may be repeated. Do not use again for 3 months.

DOSAGE: 2" pot, 1 teaspoonful; 3" pot, 2 teaspoonsful; 4" pot, 1 tablespoonful; larger containers use more according to size.

Package enough for 1 gallon solution 25c. If ordered alone, send self addressed and stamped envelope.

HYPONEX: A safe fertilizer for all plants when used as directed. 7 oz. 50c; 1 lb. \$1.00.
